

How do I add a new ticket?

Duplicate an existing ticket:

The easiest way to add a new ticket is by duplicating an existing ticket. Just press the "duplicate" icon and a copy of that ticket will be made. You will see the name of the ticket starting with: "copy"

016 Demo congress - Cuban pass [presale]

Duplicate

Edit the settings of the copied ticket:

You can now change the name of the ticket by editing the "price periods". Also check all the main high level settings of the ticket. For instance the rank of the ticket which determines where in the ticket shop the ticket will be shown.
